

XM radio is so much better than anything out there. I love being able to listen to the same station no matter where I am in the country. I travel in my car with 2 children several times a year for 16 hour trips and having XM has made life so much better. Now having XM Instant Traffic and Weather would really help. I choose to pay for XM radio because it is 100 times better than FM or AM. And I feel that the FCC should REJECT petition 04-160 from the NAB. If FM stations want listeners to continue listening to there station then they need to step up and change to suit the listener's needs. That is what XM has done. I know that with XM I can always find the type of music that I want to listen to without any commercials or stupid DJ's!

Thanks and Best Regards,

Katie Herzog

XM listerner for 2 years now!
